

F Birds! R

Bird, Bird, Bird: A Chirping Chant

April Pulley Sayre

Sixty-three North American birds flit, fly, and dive across the pages of this cheery chirping chant. Zany caricatures of each bird present these feathered-friends in larger-than-life proportions. (You won't need your binoculars here!) After readers have mastered the chant, they can turn to the back to get the real scoop on each bird.

Everything Birds :What Kids Really Want to Know about Birds

Cheri Winner

In addition to providing basic information like habitat, diet, life cycle and history, these books delve into the more unusual questions like Why

are vultures so ugly? Perfect for the budding birdwatcher or simply curious kids, this book includes 29 questions from kids with answers including information on more than 60 different types of birds. Includes information on how to get more birds to your yard, but also cautions against interfering with birds in the wild.
