

# Bugs!

## Ant, Ant, Ant!: An Insect Chant

April Pulley Sayre

Insects take center stage in this follow-up to the wildly popular, Trout, Trout, Trout! (A Fish Chant). Whether you love bugs or hate'em you won't be able to resist chanting this rowdy text. Bold and clever illustrations turn creepy-crawlies into hilarious, endearing creatures that will make even the most hardened non-bug-lover laugh and loud. And budding entomologists will love the end matter, chock-full of factual information about insects.
